

STEА-OT4 - COVERS FOR MAVIG ANTI-X SCREEN OT94001
Sterile Covers suitable for the radiation protective shield OT94001 with curtain.

Product description:

MAVIG STEA-OT4

Sterile Covers suitable for the radiation protective shield OT94001 with curtain.

The sterile covers are like sterile covers already on the market equipped with an elastic band. The special design allows enough room for the curtain to optimally adapt itself to the patient Body.

Packaging: Box with 50 Covers

Dimensions 90 x 120 cm (W x H)

Reference: MAV-STEА-OT4
