

EXAMINATION LUMINAIRE HALUX N30

The HALUX N30 is suitable for anyone who is on a budget but doesn't want to compromise on quality.

Product description:

The lighting field, illuminance and infinitely variable dimming function are perfectly equipped for versatile everyday use. The HALUX N30 is particularly versatile in terms of the possible arm systems: Flexible arm or spring arm in combination with various mounting accessories or mobile stand. Nothing stands in the way of versatile use.
