

**CARESTREAM - DRYVIEW DVB+
Carestream Laser Imaging Film**

Product description:

CARESTREAM DRYVIEW DVB+ Laser Imaging Film offers distinct advantages that are clear to see. Combining dry laser imaging with slightly bluer, more pleasing blue/black tones, DVB+ Film improves image visibility in low density and higher density regions alike. It also lasts longer, handles more efficiently and maximizes your film supply inventory. For most imagers a simple software upgrade is all it takes to seamlessly transition to DVE Film while continuing to use your current film supply.

Packaging : 4 x 125 films

Size: 35 x 43 cm / 14 x 17", 25 x 30 cm / 10 x 12", 20 x 25 cm / 8 x 10", 28 x 35 cm / 11 x 14"
Packaging: 4x125
