

INK CARTRIDGES FOR EPSON PP100 CD-ROBOT Ink Cartridge for Epson Discproducer

Product description:

Micro Piezo [™] printing with six colors.

Many advantages make the Epson Discproducer $^{\text{\tiny TM}}$ unique in the duplicator market and one is the patented Micro Piezo $^{\text{\tiny TM}}$ technology, which uses six colors instead of the normal four.

So you get the photo-realistic print quality often used in digital art printing.

Epson Micro Piezo [™] technology with six colors protects against fingerprints and leaking ink.

It achieves photorealistic color gradients and crisp text even with small fonts.

Average consumption: 1200 printed media.

Ink cartridge - color: Yellow, Magenta, Light magenta, Light cyan, Black, Cyan

Reference: EP00
