

FIXED HEIGHT "CUBE" MRI TROLLEY Foldable non magnetic trolley 7 Tesla

Product description:

The Cube Trolley is a full-sized adult trolley that can be 'folded' for easy storage. This trolley is a good solution where storage space is a premium.

This is a fixed height trolley with foldaway steps, on both sides of the trolley, to allow easy patient and staff access.

It has a manually adjustable backrest, drop down cot sides, four lockable castors.

Supplied with a 50mm thick welded mattress.

The standard trolley colour is blue, but other RAL colours are also available.

Options:

- Mattresses with welded seams
- Memory foam and pressure relief
- IV Pole
- Oxygen cylinder holder
- Cot bumpers
