

SONY UPP-110HD - HIGH DENSITY A6 THERMAL PAPER
High density black and white thermal paper for Sony medical printers

Product description:

The **Sony UPP-110HD** is a **high density black and white A6 thermal paper** designed for **medical imaging**, particularly for **ultrasound applications**. It is intended for healthcare professionals who require **enhanced image precision** and reliable diagnostic output.

Thanks to its **high density coating**, UPP-110HD delivers sharp and detailed images, offering superior performance compared to standard ultrasound thermal papers. It is suitable for daily use in clinics, hospitals and medical practices.

Each roll measures **110 mm in width** and **20 m in length** (A6 format) and allows approximately **215 prints per roll**.

Key features

- High density A6 black and white thermal paper
- Enhanced image quality for reliable interpretation
- Roll dimensions: 110 mm x 20 m
- Approx. 215 prints per roll
- Packaging: box of 10 rolls

Printer compatibility

- Sony UP-897MD
- Sony UP-X898MD
- Sony UP-D898DC
- Sony UP-D897
- Sony UP-D898MD

Applications

- Medical ultrasound imaging
- Gynecological imaging
- Other medical imaging applications requiring high precision
