

KATRACORE - AUTOMATIC BIOPSY GUN
Biopsy gun

Product description:

KATRACORE is a single-use automatic biopsy gun for collecting multiple samples of soft tissues (liver, breast, kidney, etc.). Small and lightweight, this device has a small footprint, making it ideal for breast biopsies.

Quality samples

Katracore pistols allow 22mm penetration and feature a 20mm sampling notch.

One hand loading

Allows easy handling of the device.

Gauge	Length in cm	Coaxial length in cm	Ref with coaxial	Ref without coaxial
