

NON-MAGNETIC MAINTENANCE CART FOR MRI

Trolley meant for the cleaning in magnetic resonance areas and in all environments where it is not allowed to enter with any ferromagnetic material or with equipment made of magnetizable material

Product description:

FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- Completely free of metal parts, including wheels, supports and the smallest components, such as screws and pins.
- Strong, tough, ergonomic, modular, easy to assemble and clean
- Its vertical frames guarantee the maximum hygiene, being the trash bag always separated from the rest of the trolley
- Central ring with cover with key that assures safety, keeping any cleaning tool stocked inside a complete closed trolley
- Bag holder equipped with ergonomic push-grip, handle holders, hooks and insert for the 40+80 L version
- Top-Down buckets 20 L with hermetic cover and handle to prepare the pre-soaked mops and transport them to the cleaning area
- Buckets 4 L with the handle in different colours in order to separate the differently employed chemical products and tools
- Door for central storage compartment equipped with removable key and grip with key compartment

- Several combinations of shelves and drawers are available: drawers 10 L, 22 L, 40 L, equipped with slide out limiter, with or without lock
- The trolley can be equipped with hooks, baskets with dividers, carry baskets, handle holders and many other accessories: we suggest you to check our technical catalogue in the "components and accessories" section of our Alpha line of trolleys in order to know the complete range of the available accessories.
- Latex-free product

Material

- Polypropylene copolymer

Dimensions : L.118 x l.58 x H.110 cm

MRI Tesla: 7 Tesla
