

## LEADED JACKET AND SKIRT SET - MODEL K

**This jacket is made up at the front of a panel which is held to the body by two panels which cross at the back and fasten in the front**

### **Product description:**

This jacket is made up at the front of a panel which is held to the body by two panels which cross at the back and fasten in the front by a quick fastening buckle attached to straps which form an adjustable belt. Thanks to the shape of this model, the weight can be spread between the shoulders and the hips, making it feel lighter. The shoulders are padded for improved comfort, an inside pocket sewn into the lining has been specially designed to hold your dosimeter. The three models have an A-line skirt which is made up of two front panel. This model has a velcro fastening with a quick-fastening buckle at the hip.

### **Options available:**

- Two-tone apron
- Outside breast pocket
- Non-removable sleeve
- Embroidery (30 characters)
- Embroidery on velcro (15 characters)
