

LONG POSITIONING STRAP With amorphous polyurethane gel membrane

Product description:

The long positioning strap is made of an amorphous polyurethane gel with a density of 0.99 gr/cm³. It is designed for positioning your patients and minimizing movement on the operating room table. Welded seams and 2-way stretch fabric, make this a must have for any operating room. Hook and loop attachments secure the strap to standard tables.

Size of gel positioning wedges 1: Choose an option, 51 x 9 x 0.8 cm, 143 x 9 cm
