

MRI DISPOSABLE EARPLUGS 'CONTOURS SMALL' FOR KIDS Paired Foam Earplugs 35dB CONTOURS SMALL for children

Product description:

Anatomically contoured foam earplugs for children.

The earplugs offer the highest possible degree of comfort for the wearer. With an anatomically contoured shape and soft foam formula, they adapt to the shape of the ear canal and sit comfortably and securely in even the narrowest of spaces.

- 35 dB (SNR) noise reduction
- High wearing comfort thanks to contoured shape and material
